# MEMBER UPDATE

## **GOVERNMENT OF ALBERTA - ALL STAFF**

### **GOA seeks to end hybrid work for all employees** ***This update affects all AUPE members working for the Government of Alberta***

The Government of Alberta (GOA) announced it will discontinue its Interim Hybrid Work Policy starting on Feb. 1, 2026.

This would impact approximately 44% of the workforce, or 12,600 staff.

AUPE is reviewing the government's announcement and will share more information with members soon.

We believe the hybrid work language is clear. Members should request to work remotely as usual. If your employer denies your request, you can file a grievance.

If returning to your worksite full time causes you any hardship or work-related issues, please contact the Member Resource Centre. You can do that by [clicking here](#) or by calling 1-800-232-7284.
