

BARGAINING UPDATE

ALBERTA ROSE LODGE LOCAL 084 CHAPTER 026

Take this important bargaining survey

Bargaining will begin soon for a new collective agreement – and that means we need to hear from you!

Your negotiating team met on Nov. 17 and 18 to begin preparations for bargaining. We created a survey that we need you to complete.

You can take the survey [here](#). It must be completed by Dec. 15, 2025.

This is your chance to say what's important to you and what you want most to see in a new contract. We want you to pick your top three priorities.

The survey also provides an opportunity to share anything you think your negotiating team should know that might not have been covered with the questions.

Please contact a member of your negotiating committee if you have questions.
